All prices are an estimate indication as the size of area treated, how many units needed and treatment plan will vary from patient to patient and can only be determined after proper professional consultation.

MEDICAL

MAE VITALFUSION IV THERAPY (incl consultation, medical history and script)

All IV therapies are administered under the supervision of a medical doctor and registered nurse, ensuring optimal safety, regulatory compliance, and a premium standard of care.

Immune Boost	30-40min	R1700
A high-dose and powerful blend of vitamin C, vitamin B complex, minerals, and essential antioxidants offering maximum absorption and fast results. This drip is designed to strengthen your immune system, increase energy levels, reduce fatigue, and help your body fight off infections. Ideal during cold and flu season, travel, high -stress periods, or whenever you need an extra defense boost.		

Mini Immune Boost	30-40min	R1550
A compact yet powerful vitamin infusion designed to give your immune system a quick boost. This drip delivers essential vitamins, minerals, and antioxidants directly into your bloodstream for fast absorption and immediate support. Perfect for busy schedules, travel prep, or when you feel the first signs of fatigue or flu symptoms coming on.		

Anti - Ageing	30-40min	R1400
A revitalizing blend of powerful antioxidants, vitamins, and hydration designed to support healthy aging from the inside out. This advanced infusion helps combat oxidative stress, reduce wrinkles by promoting collagen production, even out skin tone by minimizing hyperpigmentation, and enhance overall skin health for a refreshed, youthful glow.		

Mood and Brain Boost	30-40min	R1850
Designed to support mental clarity, emotional balance, and cognitive performance. This revitalizing infusion delivers a powerful blend of B-vitamins, magnesium, and essential nutrients. It helps reduce stress, enhance focus, and support healthy brain function. Ideal for those experiencing mental fatigue, burnout, low mood, or demanding schedules. This will regulate the nervous system, improve concentration, and support overall mental well-being.		

Sports Performance, Endurance and Recovery	30-40min	R1600
A performance-focused infusion formulated to support endurance, muscle recovery, and optimal hydration. This powerful blend of fluids, electrolytes, vitamins, and amino acids is ideal for athletes, gym-goers, and anyone looking to enhance performance or speed up post-workout recovery.		

NAD	2-3hours	R1800
A lighter, time-efficient version of our NAD+ infusion, designed to support cellular energy and mental clarity in a shorter session. This targeted drip delivers Nicotinamide Adenine Dinucleotide (NAD+) directly into the bloodstream for optimal absorption, making it ideal for busy schedules or maintenance support. Stay balanced and energized throughout the year.		

NADplus	3-4hours	R2400
A premium cellular support infusion formulated with Nicotinamide Adenine Dinucleotide (NAD+), a coenzyme essential for energy production and healthy cell function. Delivered directly into the bloodstream for optimal absorption, this therapy is designed to promote mental clarity, improve brain function, boost cellular energy, slow ageing, and enhance overall vitality.
